

# Help Us Create a Modernized Cleveland High School

## The Plan for the New School

A new four-story Cleveland High School will be built on the current school site. The building will be organized into two wings, with classrooms, labs, gyms and performing arts spaces. These wings frame a secure outdoor courtyard at the heart of the school. A welcoming main entry will now be located on SE 28th Avenue, near SE Franklin Street.

## Fall 2025 Update

The design team has been working closely with the Cleveland community to develop the building design. The project team has worked diligently to realize savings while keeping design features that were prioritized by the Cleveland community. The School Board is in the process of reviewing the modified Comprehensive Plan, which will establish the budget and schedule for the project.

## Plan Highlights

- » Learning spaces to encourage collaboration and support CHS's International Baccalaureate program
- » Two new gyms supported by a dance/wrestling studio and fitness center
- » A 500-seat performing arts facility and black box theater
- » New band, choir, and art rooms
- » A secure exterior courtyard with a covered gathering area
- » An energy-efficient, all-electric building that optimizes daylighting
- » Mass Timber structure in the north building
- » Upgrades to the CHS stadium and existing parking lot
- » Turf softball and baseball fields on other sites

## Get Involved

**Public Workshop: Saturday, October 4, 10am-12pm in the Cleveland High School Cafeteria.**

## Construction Schedule

Construction funds for the modernizations of Cleveland and Ida B. Wells is part of the successful School Improvement Bond, which was approved by voters in the May 2025 election. During the three year construction period, Cleveland students and staff will relocate to the Marshall Campus on 92nd & Powell. The current construction schedule starts in Summer 2026 and the new building will open for the Fall 2029 school year.\*

\*Final budget and schedule are subject to School Board review.
