What Is School Climate?

School Climate Overview

School Climate encompasses CR-PBIS (Culturally-Responsive Positive Behavioral Interventions & Supports), Restorative Practices with the lens of racial Equity, and practices of CARE (Collaborative Action Research for Equity) explicitly called out and woven in.

CR-PBIS

CR-PBIS (Culturally-Responsive Positive Behavioral Interventions & Supports) uses implementation science to help students to develop positive behaviors. At the most basic level, CR-PBIS can be described as a three-pronged approach:

1. Explicitly [teach](#) what is expected
2. Actively [acknowledge](#) kids when they are following the expectations
3. Instructionally [correct](#) kids when they are not following the expectations

Research shows that when school staff acknowledges positive behaviors at least three times more often than correcting behavioral mistakes, misbehaviors decrease significantly.

CR-PBIS uses disaggregated data to make decisions and to develop the systems and practices of a school. The unique racial, cultural, and linguistic makeup of the school is explicitly addressed at every decision point.

More specifically:

- Accesses all stakeholders to develop and promote school values.
- Develops common area expectations for all parts of the building.
- Designs lesson plans and schedules to teach common area expectations throughout the year.
- Creates and maintains systems to acknowledge students who are following the school values and expectations. This may be acknowledgment tickets, regular assemblies, or awards for individuals, classes, grade levels, etc.
- Develops school-wide policies that are proactive, preventative, and restorative.
- Utilizes staff input to build corrective discipline systems (i.e. a flowchart) and calibrate clear definitions of student behaviors.
- How do we make certain that PBIS is culturally responsive?
- We systematically assess and review student and family voices and adjust our practices to reflect the needs of our community ([See Tier I Evaluation](#))

Restorative Practices

Restorative Practices, also referred to as Restorative Justice, is a range of community building, peacemaking practices adapted to the school setting. The intention is to build trusting relationships and offer restorative alternatives to punitive discipline.

Restorative Inquiry is an essential restorative practice. A series of guiding questions are asked:

- What happened?
- Who was affected/impacted?
- What can be done to make and keep things right?
- How can others support you?

Equity/CARE

This handbook is intended to inform Rosa Park Elementary School staff of the processes that support the reduction of exclusionary discipline to provide our students with equitable access to education. Portland Public Schools' top priorities include eliminating racial disproportionality in exclusionary discipline.

Our CARE work is intentionally focused on increasing classroom engagement for every learning style and our capacity for being culturally competent in our instructional practices and inclusive of our diverse learning styles.

“Portland Public Schools is committed to academic excellence and personal success for all students. Central to this commitment is educational equity. We are committed to providing instruction with rigor, cultural relevance, and relationships that ignite the potential of each and every student. In order to do so, we must shift our practices to see students as individuals—including their race, their language, their gender, their sexual orientation, and their various abilities. This work is necessary to serve a diverse student body well and prepare every student to navigate and compete in a culturally rich society and global economy, now and into the future.”

Chief Equity Officer, Lorenzo Poe

Schoolwide Values and Common Area Expectations (1.3)

Our School Values are

1. **Be Safe:** Keep yourself and others from being hurt.
2. **Be Kind:** We all belong.
3. **Be Respectful:** Treat others the way you want to be treated.
4. **Be Responsible:** Do the right thing even when no one is watching or others are doing the wrong thing.

Posters have been made and distributed throughout the building in order to make them visible to students, staff, and families. The intention is to send a consistent message about what our school community values and what it looks like in different common areas. This will help Rosa Parks School ensure that our school values are inclusive and affirming. These values were developed with student, and staff input.

- These school values are important for the Rosa Parks school community because these are the four things that help students be successful in life. Our students need to understand and exercise Be Safe, Be Kind, Be Respectful, and Be Responsible on a regular basis to master the skills to be successful and prepared to be college and career ready.
- These values are woven into our regular teaching practices in every lesson and in every class period throughout the grade levels, naming them with consistency and strategically teaching and reviewing them throughout the school year.

Assembly Guidelines for Success

[Assembly Guidelines for Success Chart](#)

Supervision Responsibilities

1. Model assembly expectations with the class before all assemblies.
2. Teachers lock classroom doors and then escort classes quietly to assigned seating.
3. Sit with your students to model and monitor expected behaviors.
4. Staff closest to students not following expectations will remind students of expectations and will enforce consequences, including escorting students to the office.
5. If a student continues to be disruptive, the student may be sent to the office to wait until the end of the assembly.
6. When arriving back at class, check in with the class about how we did as a class at meeting the 4 B's during assembly.

Cafeteria Guidelines for Success Chart

Supervision Expectations

1. All supervisors will circulate through the cafeteria, interacting with students in a friendly manner.
2. Students are expected to follow Cafeteria Guidelines on display in the cafeteria and referenced above.
3. Cafeteria support staff will distribute incentives and consequences laid out below.

Lunch Incentives

1. Students are awarded Caught Ya Doing Good tickets by cafeteria support staff, which they can enter in a class drawing to be selected for the weekly School Store raffle.

Lunch Consequences

1. If a student violates an expectation, supervisors will use a firm, respectful voice to tell the student what s/he should be doing.
2. For repeat infractions, supervisors will implement a mild intervention including, but not limited to, positive practice or brief delay.

3. If a student refuses to follow directions, or demonstrates unsafe behavior, calmly tell the student that s/he may choose to follow the direction. If a student refuses to follow directions, they will be referred to the office.
4. If a student refuses to go to the office the supervising adult will make no attempt to physically move him/her. Use other staff to alert the administration or send another student to the office to seek help.

Lunch Dismissal

1. The student raises a hand to be allowed to dump the tray and line up to await the teacher.
2. Teachers arrive ON TIME to pick up their classes.

Playground Zones:

Duty staff is distributed around the following [playground zones](#) to ensure full coverage across the playspace.

- Zone 1: Sidewalk/Hill
- Zone 2: Play Structure
- Zone 3: Covered Area
- Zone 4: Kickball/Field

Active Supervision Responsibilities

1. Teachers **take students out to recess and support them for the first 5 minutes** to help students find games to play and communicate with recess duty staff if there are any students who may need extra social/emotional support that day.
2. All supervisors will circulate about their playground zone and avoid standing in one place.
3. Supervisors will be visible and interact positively with many students by greeting them and engaging in short and friendly conversations.
4. Report to duty on time.

What Active Supervision is NOT:

- Active Supervision is NOT chatting with other recess support staff during recess.
- It is not playing or talking on a cell phone unless it is to call the school in the event of an emergency.
- It is not playing games with students for extended times (this takes away from the ability to focus on student safety during recess).

[1-3-2023] : Explicit, direct instruction in core values, student behavior, classroom expectations, and common area expectations building-wide.
[3-28-2023] : Explicit, direct instruction in core values, student behavior, classroom expectations, and common area expectations building-wide.
As indicated by Rosa Parks discipline data 2016-2017

Active Supervision

Active supervision is the alert, proactive ability of the staff member to circulate within a group of students while interacting in a positive and constructive way, scanning for potential problems, and diffusing them before they arise, and motivating students to do their best and monitor their own behavior.

Overview of Systematic Supervision In All Settings

What is Systematic Supervision?

Systematic Supervision works well with students. It is a method of supervising students and physical spaces that will:

- help decrease problem behavior
- increase student cooperation
- make supervisors' jobs less stressful and more fun

How Does Systematic Supervision Work?

Systematic Supervision is based on the use of four key skills that increase supervisors' effectiveness:

1. Being Active

Being an active supervisor means:

- **Moving** around constantly in unpredictable, randomized patterns so you can see where students are and what they are doing
- **Visual contact** always have with your class (ex. walk beside, appoint leader, or walk in back)
- **Scanning** with your eyes and ears so you notice positive behaviors and potential problems right away

2. **Being Positive**

Being a positive supervisor means:

- **Connecting** with students by creating a friendly atmosphere and by making an effort to connect with individual students *and* with students in groups.
- **Positive reinforcement** given to students when their behavior is appropriate by acknowledging it and letting students know you appreciate it.

3. **Responding to Problems/Concerns**

Responding effectively to students who are behaving in an uncooperative or difficult manner means:

- Responding to the problem behavior immediately or as soon as possible by speaking privately and respectfully with the student.
- Defining the problem and giving the student a choice to cooperate with a direction, correction, and/ or a predetermined consequence. If the student chooses not to cooperate, the consequence is carried out consistently.

4. **Communicating**

Communicating effectively means:

- Communicating with students in general, and teaching/discussing rules and expectations regularly.
- Communicating with parents about their children, school rules, and expectations, and inviting them to participate in school events and activities.
- Communicating with other staff formally through designated meetings and informally via individual contacts, and using data collection forms, such as behavior logs to document and share information about student behaviors.

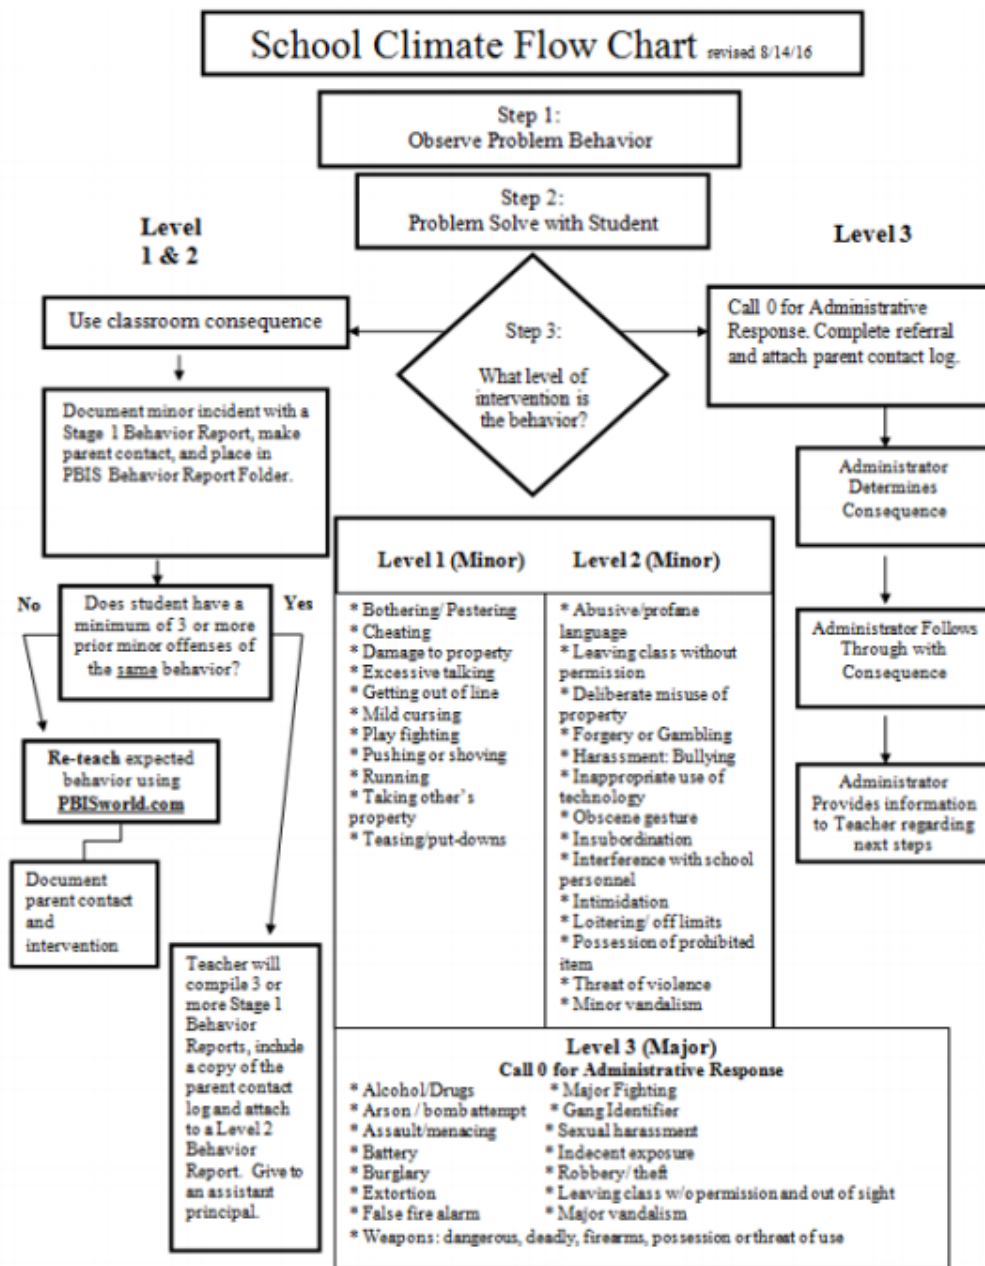

The 6 Features of Active Supervision

	Feature	Elements/Components
1.	Movement	<ul style="list-style-type: none"> a. Constant b. High rate c. Randomized d. Targets known problem areas
2.	Scanning	<ul style="list-style-type: none"> a. Constant b. Targets both appropriate and inappropriate behaviors c. Targets known problem areas d. Uses both visual and aural cues e. Increases opportunities for positive contact
3.	Positive Contact	<ul style="list-style-type: none"> a. Friendly, helpful, open demeanor b. Proactive, non-contingent c. High rate of delivery
4.	Positive Reinforcement	<ul style="list-style-type: none"> a. Immediate b. Contingent on behavior c. Consistent (with behavior and across staff) d. High rate
5.	Instructional Responses (Low-Level responses)	<ul style="list-style-type: none"> a. Immediate b. Contingent on behavior c. Non-argumentative, non-critical d. Specific to behavior e. Systematic: correction, model, lead, test, and retest f. Consistent (with behavior and across staff)
6.	Consequences when instructional responses are not working	<ul style="list-style-type: none"> a. Neutral, businesslike demeanor b. Non-argumentative, non-critical c. Consistent (with behavior and across staff) d. Fair: non-arbitrary

Defining Minor, Stage 1 reports, 2 and 3 Behaviors (1.5)

Behavior level calibration will be conducted by building staff in order to properly reflect the evolving needs of our community and to accommodate the diverse racial, cultural, linguistic, and developmental needs of our school.

Defining Behaviors

Discipline Policies (1.6)

School policies and procedures describe and emphasize proactive, instructive, and/or restorative approaches to student behavior that are implemented consistently, and reflect the understanding of community values and practices.

[PPS Students' Rights & Responsibilities Handbook](#)

Rosa Parks uses PPS policies as guidelines for our school expectations and procedures. All students are given a Students' Rights and Responsibilities Handbook each year and are expected to know its contents. We also encourage parents to read it and use it as a resource for questions about district policy or procedure. The handbook is also available online at the PPS website.

Harassment, Bullying, Hazing, Sexual Harassment

At Rosa Parks, none of the following behaviors are acceptable: harassment, bullying, hazing, threatening, excluding, put-downs, or physically harming a student, staff member, a person's property, or school property. Any of these behaviors may result in disciplinary actions. Students should report any of these behaviors to school staff immediately.

Lost, Stolen, Damaged Property:

PLEASE BE AWARE: The school is NOT responsible for cell phones lost, stolen, misused, or damaged.

The District (or school) does not pay for or replace student property that is lost, stolen, or damaged at school.

All items are brought to school at the owner's risk. Backpacks or desks are never safe places to store valuable items.

PPS Expectations

On "free dress days" students are still required to follow the PPS *dress code*. If students arrive at school dressed otherwise, students will call home for someone to bring appropriate clothes. Students should wear clothing that is clean and appropriate for the weather. Please see the STUDENTS' RIGHTS and RESPONSIBILITIES Handbook for all PPS dress code expectations.

Rosa Parks Restorative Justice Reflection Sheet

(Courtesy of RNW) Talking Points/Active Participation in Dialogue

Time to Reflect

Everyone deserves a chance to make things right when things go wrong. In life, we have to reflect on our decisions to see if the result is what we wanted.

The purpose of this sheet is to help you reflect and understand:

1. What happened?
2. Who was impacted?
3. What can be done to make things right?
4. How can others support you in keeping things right?

Take 3 slow deep breaths, and pay attention to your inhale and exhale...

First, we need to better understand the following: *(Try using a few words and describe events directly)*

What happened?

What was the chain of events?

_____ → _____ → _____

Using the Restorative Justice card fill in the following:

What were your feelings?

I was feeling _____ BEFORE this happened.

I was feeling _____ WHILE this happened.

I was feeling _____ AFTER this happened.

Who was impacted by what happened? Fill in AT LEAST 3 of the spokes...

What caused you to act the way you did?

What were you wanting or hope to gain?

What need would have been met? (Look at the Restorative Justice card's need list)

Making things right...

This reflection is meant to help you meet your needs as a student while also honoring the needs of those around you and your community.

Where in the chain of events could you have done things differently?

What can make things right?

How can others support you in making things right?

Professional Development (1.7)

Over the course of the year, staff PD must explicitly address these five essential areas: teaching school wide expectations, acknowledging appropriate behaviors, correcting errors, requesting assistance (SIT Team), and understanding the influence of race, culture, and language on student behavior.

Classroom Procedures (1.8)

As per the PAT contract every teacher will have a classroom management plan. Classroom management plans will be due to administration the day before back-to-school night. A sample plan is provided below; PD time will be provided in the first two weeks of school.

The Classroom Management Plan template covers the essential features of effective classroom management: Structure, teaching expectations, acknowledging positive behaviors, and correcting misbehaviors.

Guest Teacher Support System

Before absence

1. Review **Guest Teacher/Sub PPT** with students.
2. Sub-lesson plans need to be thought out so students can work independently with extra practice or extension activities built in for students who finish early.
3. Ensure the **Guest Teacher Student Roster** is in the sub binder and explained in the lesson plan.
4. Have printed **Guest Teacher “While You Were Out” form** on hand for absence.
5. Plan for incentives/rewards for students who meet expectations.

During absence

1. One team member delivers **Guest Teacher Caught Doing Good tickets**, checks in with the guest teacher at least four times per day, collects **Guest Teacher Student Report Roster**, scans, and emails list to absent teacher
2. Absent teacher (A) looks up the schedule of disruptive students and emails the Team where to find students during the next day’s planning and (B) emails elective schedule teachers to give heads up.

After absence

1. Two or more additional Team members pull identified students from electives and work with students on contracts and parent phone calls. Contracts should be taught explicitly to students, not simply handed to students to complete.

Feedback and Acknowledgement Systems (1.9)

Research shows that when staff “catches” students exhibiting appropriate behaviors, those behaviors will increase and misbehaviors will decrease. Specific praise is extremely important in increasing the reoccurrence of appropriate behaviors. Some schools decide to give out acknowledgment “tickets”: small slips of paper that are aligned with the school values. All staff hand out the acknowledgment tickets, along with specific praise, to students as they witness appropriate behaviors in the common areas, in classrooms, on buses, etc.

Description of our school-wide acknowledgment system:

We give out Caught Doing Good Tickets for K-5.

- For use in the classroom and throughout the school.
- Schoolwide systems (e.g. weekly drawings of acknowledgment tickets at lunch, monthly recognition assemblies, etc.)
- We welcome feedback from students and families about current systems and planning for changes and improvements.

Acknowledgment Matrix

Type	What	When/Where	Who Gives Them?

Tier I Evaluation

Evaluation of the Effects and Fidelity of the School Climate Practices

Discipline Data (1.12)

Tiered Fidelity Inventory (TFI) guides the action planning for the implementation of a positive school climate.

- Assessment component is completed three times a year in September, January and May.
- A score of 80% or better indicates a well-implemented tier.
- The TFI action plan is revisited on a monthly basis.

School Climate Survey (SCS) determines the status of specific building-wide school climate initiatives and issues (Core Values, Student Voice, Specific CR-PBIS Initiatives--ex: acknowledgment tickets)

- Completed three times a year (September, January, and May) by all students (grades 3-5)

What? The School Climate Survey measures and monitors the impacts of specific building-wide school climate initiatives and issues:

1. Core Values
 - a. Growth and perception of each Core Value
2. Perception of Growth
 - a. Perception of changes in achievement and safety
3. Student Relationships with Technology
 - a. The impact of technology on school climate
4. Student Council and Leadership
 - a. The impacts of fundraising, activities, and student voice
5. PBIS Systems
 - a. School economy and Tier I acknowledgment systems

Why?

This survey is specifically tailored to our school and its initiatives, providing specific feedback on the growth of our school climate, allowing us to shore up slipping initiatives before they lose student support and direct and problem-solving new initiatives with data.

Who?

A Survey is taken by all students, grades 3-5 as applicable.

When?

Completed three times a year (September, January, and May).

How?

Survey is reviewed and revised by the School Climate Coach in conjunction with the School Climate Team; it is administered by classroom teachers; data is compiled in Google Drive; data is reviewed by the School Climate Coach and presented to the administration, the School Climate Team, and staff.
