

Shaqada tayada biyaha oo dhici doonta xagaagan

PPS waxay qorshaynaysaa in ay yeelato halka biyaha laga cabo ka soo baxaan “drinking fixtures” iyo halka qasabadaha biyaha laga cabo ka soo baxaan ee jikada “faucets” ee ku yaala dugsiyada oo dhan la beddelo dhammaadka xagaagan. Shaqaaluhu waxay ku hawlanaan doonaan dhammaan degmada ee bedelaada meelaha biyaha laga cabo “drinking fountains” iyo tijaabinta niyaamyada si loo xaqiijiyo in ay buuxinayaan heerarka u yaala tayada biyaha oo hadda ka sareeya kuwa ay waajibka ka dhigtay EPA.

Degmadu waxay adeegsanaysaa habka tallaabo-tallaabo ah si loo xanibo halka dhibaatooyinka kiimikada lead iyo copper heerkoodu sarreeyo ka imaanayaan iyada oo ka bilaabaysa beddelaada halka biyuhu ka soo baxaan “fixtures”, ka dibna dib ayaa loo tijaabiya ka hor intaan loo gudbin tallaabada dhibaata badan isla markaana qaaliga ah ee furida derbiyada iyo beddaalada tuubooyinka biyaha. Shaqada waa la kala qaybiyay si qandaraaslayaasha khibrada u leh tuubooyinka biyaha ‘plumbing’ diiradda u saaraan kooxaha ka mid ah 15 dugsi oo kasta.

Biyaha hadda dib ayaa looga daaray kuwaasi oo ku yaala goobaha dadka ka dhexeeya ee biyaha laga cabo “drinking fountains” iyo halka qasabadaha biyaha laga cabo ka soo baxaan ee jikada “faucets” ee 30 dugsi oo ku kala baahsan degmada oo ah labada kooxood ee u horreeya. Dugsiyada ka tirsan Kooxda 1 waa Applegate, Astor, Atkinson, Beverly Cleary/Fernwood, Chapman, Chief Joseph, Hayhurst, Lewis, Meek, Richmond, Rose City Park, Sacajawea Head Start, Skyline, West Sylvan, iyo Woodstock.

Dugsiyada ka tirsan Kooxda 2 waa Beach, Boise-Eliot/Humboldt, Cesar Chavez, Clarendon Head Start, Creston, George, James John, Jefferson, Martin Luther King Jr., Ockley Green, Peninsula, Rosa Parks, Sitton, Vernon iyo Woodlawn.

Halka biyuhu ka soo baxaan “fixtures” ayaa laga beddelay in ka badan 30 dugsi, Kooxahan ka tirsan 3 iyo 4 ayaa hadda sugaya tijaabada. Shaqada beddelaada tuubada halka biyuhu ka soo baxaan ‘fixture’ ee dugsiyada ka tirsan Kooxda 5 waxay bilaabmi doontaa bartamaha Juun, iyada oo shaqada bedelaada ee Kooxda 6 ay tahay in ay bilaabanto dhowr toddobaad ka dib.

Meelaha biyaha laga cabo “drinking fixtures” ee fasalka dhexdiisu waxay u baahnaan doonaan shaqo ballaaran waqti dambe ayaana wax laga qaban doonaa.
