

JEFFERSON HIGH SCHOOL DUAL ASSIGNMENT PROCESS

What is Dual Assignment?

Students in the Jefferson High School attendance area have a unique choice between Jefferson Middle College for Advanced Studies and a comprehensive high school, based upon their home address. Please use the [School Finder](#) tool to verify your dual assignment options.

[Jefferson](#) / [Grant](#)

[Jefferson](#) / [Madison](#)

[Jefferson](#) / [Roosevelt](#)

How does it work?

Families residing in dual assignment zones must select a high school either [online](#) or by going to their preferred school. Families are encouraged to explore program opportunities at each school before selecting their choice. Start by visiting each school's [web page](#) and then call to ask more questions and schedule a visit.

Grade level specifics:

- **Future 9th graders:** Dual Assignment decisions are made in the fall of 8th grade. Families receive information packets and work with their 8th grade school counselors to designate their choice during the **High School Focus Option Lottery** transfer cycle in November. By choosing their high school early, students can sign up for classes, get to know their school and begin a successful transition to high school.
- **9th and 10th** graders are guaranteed placement at either school of their choice.
- **11th and 12th** graders interested in **Jefferson** should call the school at 503-916-5180 to set up an interview. You will meet with a vice principal to review your student's school experience and determine whether the school can meet your student needs and maintain the track for on-time graduation. Your student may be referred to your comprehensive high school for enrollment.

For more information, contact your dual assignment schools or the Enrollment and Transfer Center at 503-916-3205. If you wish to submit your dual assignment choice online, you may do so by completing a form at www.pps.net/schoolchoice.
