

OLA SELECTION PROCESS

If there are more applicants than seats at a grade level, the following priority factors will be used to select students:

- Students who qualify for health condition #1, will be placed before students who qualify for health condition #2.
- Students who were enrolled in PPS Comprehensive Distance Learning (CDL) during the last quarter of the 2020-21 school year, or were enrolled in Reconnection Services or PPS Home Instruction during the 2020-21 school year will be placed before students who were enrolled in other schools or programs.
- Students from income eligible families will be placed over students from families who do not qualify for income eligibility.
- Random lottery numbers will be used as tie-breakers.

	Priority factors for each lottery round				
Lottery round order	Student with Health Condition Priority #1	Student who lives with someone with Health Condition Priority #1	Health Condition Priority #2	20-21 enrolled in CDL (4th qtr) or Reconnection/PPS Home Instruction	Income Eligible
Round 1	X			X	X
Round 2	X			X	
Round 3	X				X
Round 4	X				
Round 5		X		X	X
Round 6		X		X	
Round 7		X			X
Round 8		X			
Round 9			X	X	X
Round 10			X	X	
Round 11			X		X
Round 12			X		

Same-household sibling applicants who are eligible for the program will be linked in the lottery. Every effort will be made to place siblings together, if space is available.
