

How Do I Find My Student's Lottery/Transfer Results?

1. Login to your [ParentVUE account](#).
2. After logging in, you will be directed to your ParentVUE home page.

On the top right corner, click the third tab *Online Registration/Yearly Verification/Transfer Application*.

3. On the top right corner, click the second tab *Status*

4. You will be directed to the Online Registration/Yearly Verification/Transfer Application Status page. You will see your student's name including the lottery schools they applied to. If offered placement you may click the *Accept* or *Decline* button. Once the transfer offer is accepted, the application disappears from the Status page and is moved over to the transfer schools list of enrollments.

Waitlist: If your student is on the Waitlist, families may remove their student's name from the lottery waitlist by clicking on the *Decline* button. Waitlist positions will be available about 10 days after lottery results are publicized.

Late applications with verified extenuating circumstances may be added to the lottery waitlist after lottery results are publicized and may "recalculate" or change the order of existing waitlisted lottery applicants. Waitlist order is based on lottery preferences.
