

CONGRATULATIONS!

After months of waiting, hoping and wondering, your child has received a PPS lottery transfer offer!

Now What?

DO I NEED TO ACCEPT MY OFFER?

You have the option to log in to your [ParentVUE](#) account and ACCEPT the lottery offer, or just wait for ten days and your offer will be moved automatically. **You do need to tell us by May 24, 2024 if you do not want your offer.** After all offers are automatically moved to ACCEPTED status, any further changes must be requested through a new hardship petition transfer application.

HOW DO I REGISTER AT MY NEW LOTTERY SCHOOL?

For students without a PPS ID number

- If your child does not have a PPS Student ID number yet, your new school will need additional information to complete the registration. Please contact your new school's administrative assistant after May 24 to finalize your registration. You will be asked to complete additional online or paper documents and provide proof of your child's age and your home address.

For students with a PPS ID Number

- If your student is attending a Portland Public Schools Pre-K or Head Start program, or you have already completed a registration at your neighborhood school for the coming school year, your student should have an ID number in our student information system. If so, your new school will have all the information they need to complete your child's registration in about two weeks, after all the lottery offers have moved into ACCEPTED status. If you don't receive a welcome message from your new school by early June, feel free to contact the school administrative assistant.

WHAT ELSE SHOULD I KNOW?

There may be unusual situations and exceptions that require you to complete a paper registration form. Your new school administrative assistant will let you know if this is necessary.

If your child is on one or more lottery waitlists but was not offered a seat at one of your lottery choices, please contact your neighborhood school for registration information.
