

2019-20 Charter Schools Renewal Process

Sponsors of charter schools in Oregon are responsible for evaluating charter school performance and determining whether or not to renew the contract of the charter school based on its compliance with the law and the contract, and its performance in three domains: academic, financial, and organizational.

The National Association of Charter School Authorizers (NACSA) recommends in its *Principles & Standards for Quality Charter School Authorizing* that a formal renewal application be used as part of a fair and transparent process. This renewal application ensures that all charter schools entering the renewal process have an equal opportunity to present data and information relevant to their request for contract renewal. It also ensures that the renewal decision is based on the renewal criteria specified in ORS 338.065 and OAR 581-026-0400.

Two charter schools are undergoing renewal in the 2019-20 school year:

- **Kairos PDX Academy** is in year 6 of operation, and in the final year of its first renewal term of three years. Statute requires that after the first renewal, subsequent renewals be for a term of “no less than 5 years and no more than 10 years.”
- **Portland Village School** is in year 12 of operation, and year 7 of a “flexible 5-to-10 year term.” At the request of the PPS Board of Education, Portland Village School is completing the full renewal process at this time. Per statute, the renewal term shall be “no less than 5 years and no more than 10 years.”

Charter school renewal evaluation includes a review of annual performance reports, annual financial audits, annual site visit, and any other information mutually agreed upon by the sponsor and the charter school. The Annual Performance Framework and Report is the tool used to formalize this review.
