It is the priority of Portland Public Schools (District) to provide educational experiences in which the District can assure the student and parent/guardian a reasonably safe environment. In traveling off District property, parents must first acknowledge potential risks which might be encountered, and approve their student's participation.

SPECIAL WARNING

1. The District's representation and that of its representative(s) is that a quality educational experience will be pursued.
2. The dangers that are present in this trip are those commonly experienced by and known to all persons traveling with young people within the United States. The District cannot and does not claim to control such dangers. Parents wishing more information regarding the trip and its leadership should contact the Trip Leadership.
3. Participants must exercise the appropriate level of maturity and self-discipline for their age and extend the effort necessary to protect their individual safety. Each participant is urged to be continually on guard for the safety of others in the group and circumstances which impair that safety.
4. Parents must inform themselves of the level of supervision that will be on the trip, the details of the trip, and then judge for themselves, considering their student's maturity and whether their student is able to accept direction and function responsibly and safely as a trip member.
5. The District and Trip Leadership is not responsible for the safety of non-district public transportation, traffic hazard situations, unlawful behavior of strangers and other dangers, and cannot be expected to control student behavior which is contrary to the directions given to the student or individuals in the party.
6. The District has purchased an accident and emergency sickness insurance policy for students on field trips. The maximum benefit payable per accident is in excess of any other insurance.
